

A large, ornate building with classical architectural features, including columns and a pediment, is illuminated at night. The building is surrounded by palm trees and other tropical vegetation. In the foreground, there are street lamps and a small landscaped area. The sky is dark blue with several large, colorful fireworks exploding. A full moon is visible in the upper right corner. The overall scene is festive and celebratory.

Festive Bazaar

This year, our festive bazaar highlights Satcha - ស័ច្ចៈ, Cambodia's first Handicraft Incubation Center. Satcha - ស័ច្ចៈ brings artisans from across the country under one roof and supports them through training in craft techniques, language, marketing, design, and business skills, helping them build confident and sustainable careers.

The center focuses on three goals: promoting responsible consumption, preserving Cambodian craftsmanship, and creating lasting social and economic impact. Guests can explore unique handmade pieces that reflect the culture, creativity, and passion of local artisans.
